**Note from Stacey:** As your children's teachers at CBT we have taken careful consideration in placing each student in a class that we feel will better help them develop their strengths and correct their weaknesses as dancers. In order for each student to progress at the pace that we would like to see them achieve, it is my recommendation that you register for your assigned class, even at the possibility of an inconvenience. However, we do understand that not all conflicts can be re-arranged and/or that carpools need to stay together and, in this case, please ask to speak with Ms. Stacey so that you and she can discuss your child's placement, and if needed, come up with another option that will work with your schedule as well as keep your child technically placed correctly. Thank you! We love teaching your children and look forward to a new year.
